

# searching for Strong Lenses in Large Imaging Surveys

**Fermi National Accelerator Laboratory**  
**June 14 - 15, 2007**

**Hosted by the Fermilab Center for Particle Astrophysics**

<http://ppd.fnal.gov/conferences/stronglensing/Index.htm>

**Topics:**

Searches in Current and Future Imaging Surveys  
Search Techniques  
Science from Strong Lenses  
Properties of Strongly Lensed Galaxies and Quasars

**CONTACT ADDRESS:**

Luann O'Boyle  
M. S. 127  
Fermi National Accelerator Laboratory  
P. O. Box 500  
Batavia, IL 60510-0500  
Fax: 630-840-8274  
E-Mail: [luann@fnal.gov](mailto:luann@fnal.gov)

**Organizers:**

Sahar Allam (FNAL/University of Wyoming)  
H. Thomas Diehl (FNAL)  
Scott Dodelson (FNAL)  
Michael Gladders (University of Chicago)  
Christopher Kochanek (Ohio State University)  
Huan Lin (FNAL)  
Alice Shapley (Princeton University)  
Douglas L. Tucker (FNAL)
